Simona Giampaoli, Enric Duran

## **Report on the State of Major and Chronic Disease in Europe 2006**

### **TEMPLATE**

- Background
- Epidemiology: measures of frequency & risk factors
- Health economic cost and impact
- Clinical practice guidelines (CPG):
  - Primary and secondary prevention
  - Diagnostic tools & treatment
  - Adherence to CPG (under/over diagnosis-treatment)
- Health outcomes measures:
  - Quality of life / disability measures
  - Mortality / survival

## Report on the State of Major and Chronic Disease in Europe 2006

- The **Editorial Board** for this report consists of the leaders of the Task Force on Major and Chronic Diseases, the leaders of the Working Party on Morbidity and Mortality, Mr. Antoni Montserrat on behalf of DG SANCO, and the Scientific Assistance Office. The chapters of the report will be organized according to major diseases/disease groups.
- *Project leaders of the task Force on Major and Chronic Diseases have been asked to take the lead in writing a chapter.*

# **Task Force Major Chronic Diseases Editorial Board, Meeting Luxembourg, 6° June 2006**

## **Health information developments on diabetes**

- Mrs. de Beaufort gave a presentation on the EUDIP project (Establishment of Indicators monitoring Diabetes mellitus and its morbidity). EUCID (European Core Indicators in Diabetes Mellitus) is the successor of EUDIP, dealing with the implementation of the indicators

## **Next meeting**

- **11th December 2006.**
