

B.I.R.O.

**Best Information through Regional Outcomes**

A Public Health Project funded by the European Commission, DG-SANCO 2005

## **B.I.R.O. Kick Off Meeting**

Monday 05 December 2005, Hotel La Villa et Perugia, Perugia, ITALY

# **WP 15 Evaluation**

## **WP leader**

***UNIMALT***

## **Expected results**

- This workpackage will provide the Consortium and the European Commission with an overall evaluation.

## **Deliverables**

**D15.1. BIRO Evaluation Report, Year 1**

**D15.2. BIRO Evaluation Report, Year 2**

**D15.3. BIRO Final Evaluation Report.**

## Actions

- One or more independent evaluators (WPE) will be assigned to any WP; the WPE will agree with the WPL on the structure of the report to be submitted to the PCB.
- The progress report will include annual and mid-term audit sessions to ensure coordination with EU representatives and proper management of the contract.
- A final major evaluation report will be released with the external consultation of third parties, including clinical leaders, policy-makers and consumers' associations.

## Evaluation aspects

- ***Improved knowledge of the disease*** (for clinicians, policy makers)
- ***Ability to monitor short term health outcomes***
- ***Improved tracking of major risk factors***
- ***Fine monitoring of symptoms and perceived conditions*** (health related quality of life)
- ***Qualitative results*** (based on users' perception and direct application of the system)
