15:00 – 17:00 PART 3. The way forward

The final part will discuss the plan for the proposed data pilot in 2025, which will need to demonstrate the practical impact of CHIEF recommendations. This task will most likely entail the operational coordination of an external entity e.g. subcontracted IT company, to develop a common tool that must show the capacity of implementing our guidelines. The wrap-up will allow facilitators to draw upon the results of their sessions to guide the process. Finally, the presentation of the next steps will allow the JRC to inform experts on the procedures required to finalise the next round of contracts.

15:00 - 15:45 Bridging CHIEF and EHDS [Deadline: 30/11/2024]: design of the pilot study, expansion of the expert group and dissemination activities (N.Nicholson, F.Carinci)

15:45 - 16:00 Coffee break

16:00 - 16:45 Wrap-up from sessions and action lines (F.Carinci + ***facilitators***)

16:45 - 17:00 Next steps: administrative issues (N.Nicholson)
